

NEW YORK SOLDIERS ACCEPT LOSS OF GUARANTEES IN SPIRIT OF PATRIOTISM

Men of Skeletonized Regiments Refuse to Show Any Resentment.

Special from a Staff Correspondent of The Evening World.

SEAFORTH, N. C., Jan. 19.—The story in The New York Evening World of Wednesday of the condition of the New York troops in camp here has caused a good deal of comment in Camp Wadsworth. No officer would consent to be quoted in regard to it, but it is violating no confidence to say that the general tenor of the article met with approval.

Following is a carefully made and honest statement as to the sentiment of officers and enlisted men in camp: As to the reorganization of the 27th Division, everybody realizes now that there was a necessity. It had to be done. Four regiments of New York State infantry had to be recruited to full war strength of 3,700 officers and men each, and the quickest and best way to do this was to draw trained men from the other regiments. There was some difference of opinion, of course, as to which regiments should have been chosen for the first line, but whatever feeling may have been aroused over that has died out long ago. It no longer exists.

Officers and men of the New York National Guard accept the orders of the War Department in good faith during the war. There is no disposition on the part of anybody to indulge in useless discussions or to quarrel over matters which have been definitely decided upon. It is the intention and effort of every officer and man in camp to do his full duty and to obey all orders in good faith. At the same time, and there is no secret about it, there is very general regret that the old New York regiments are to lose their identity. This happened to the four first line regiments during the reorganization of the division, and now the seven remaining regiments are having the same experience. They lose their old regimental designations, which some have had for nearly a century, and with these will be lost much of history and sentiment which was very highly cherished. The 12th and 14th Regiments, for instance, made famous history in the Civil War, and the grandsons of Civil War heroes have enlisted in these regiments because of this history and the sentiment that goes with it. Now all this is to be lost. This, officers freely say, could have been avoided. The regiments might have been permitted to retain their old numbers they believe.

PATRIOTIC NEW YORKERS SHOW NO RESENTMENT.

But the feeling, while one of regret, is not one of resentment. The officers and men are going ahead and

NOTED MUSICIAN OF MONTREAL

Advices The Use Of "FRUIT-A-TIVES"
The Famous Fruit Medicine.

MR. ROSENBERG
389 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives.' I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of intestinal paralysis—with steady headache, belching gas, drowsiness after eating, and pain in the back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives,' and now for six months I have been entirely well."

I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives,' and you will be agreeably surprised at the great benefit you will receive.

FARO GAME HELD UP, BANDITS GET \$5,600

Raiders Also Gather In Lot of Jewelry at Club in Heart of Minneapolis.

(Special to The Evening World.)

ST. PAUL, Jan. 19.—Night bandits discovered a faro game in a Minneapolis club last night, relieved the banker and players of \$5,600 in cash and \$1,500 in jewelry. Then, lost other members felt slighted, they were relieved of \$200 in cash and a quantity of jewelry.

The robbery was pulled off in the city's chief business section, the club having quarters on the sixth and seventh floors of an office block. The bandits did not take the elevator. They walked up. They broke into the game, and when the players turned they were looking into sixteen revolver muzzles. The victims were forced to face the wall. When two heated they were knocked down. Other members of the club were on the floor above. While two of the bandits held the faro players at bay the others went upstairs and relieved the remaining club members of their valuables. The police did not get off of the hold-up until three hours later.

COTTON EXCHANGE CLOSING.

Official Says Patriotic Dictated Suspension on Monday.

An official of the New York Cotton Exchange, when asked for the reason of the action by the Board of Managers in closing the Exchange on Monday, said to-day it was merely a matter of patriotism and co-operation. Incidentally, he said it would do away with the inconvenience of the members and employees of the Exchange in getting to the downtown district. These matters were considered by the board at the meeting at which the action was taken.

BURNING UP PIANOS WHEN SHE HAS WOOD

CINCINNATI, Jan. 19.—The Church Beukamp Piano Company has been so short of fuel it has been burning up its used pianos. An item to this effect having been published in the local papers a woman in Ludlow, Ky., just across the Ohio River, called F. B. Beukamp on the telephone to-day and said: "If you are burning up pianos over there I'll trade you a load of cord wood for a piano."

Beukamp considered the proposition a joke, and replied: "You're on." He selected a used piano, had it cleaned up and sent it over the river. The wagon brought back a load of cordwood.

"The piano was worth \$50 at least," said Beukamp, "but we surely needed that fuel."

ILL AND CRIPPLED TEUTONS FORCED BACK INTO ARMY

Austrian Deputy Charges Commanders Tear Up Doctor's Certificates—Hospital Patients Go Mad.

WASHINGTON, Jan. 19.—Germany doesn't keep all her frightfulness for her enemies. She visits considerable of it on her own people, according to Government advice to-day. Authority for this statement is Deputy Strubberg of the Austrian House, himself a Kaiser.

He publicly charged that sick and other men unfit for service were sent into the field by the Central Empire and brutally treated if they fell behind in the fight.

"The doctors," he said, "are constantly interfered with in their work by the military commanders. They deliberately tear up the doctor's certificates showing that men are unfit for service."

"Owing to the necessity for filling up the ranks, even cripples and weaklings are compelled to serve. Those who object are reported by their officers as fit to return to duty or treated as self-mutilators, when in fact they have been wounded in service. At the military prison of Mollendorf many normal men become insane and of 400 prisoners 120 died in six months."

Deputy Huberman agreed with Strubberg and said Government treatment of workmen, particularly miners, was "infamous."

Appeals are made to be heeded. For the past week I have publicly exhorted the Jews of New York not to let the sacred opportunity pass to be one of the links in the "Federation" chain.

The response for the week, well—it should have been overwhelming.

You, my reader, who are engrossed in other momentous affairs, just pause for a minute and think of the other half who are constantly beset by the harrowing thought where their children will get sufficient nourishment for their underfed little bodies.

You wouldn't say, would you, "there are hundreds of others who will subscribe the required amount needed to support them?"

Surely you can see how such an attitude would rob these little ones of their God-given right to live.

Would you, with this mental picture before you, hesitate to give them bread—life-giving bread?

You wouldn't, would you?

So enroll—fill out the attached blank—please, now, not to-morrow—for these little ones must eat to-day.
